The entire document should be in Times New Roman or Times font. Type 3 fonts must NOT be used. Other font types may be used if needed for special purposes.

Recommended font sizes are shown in Table 1.

### C. Title and Author Details

Title must be in 24pt Regular font. Author name must be in 11pt Regular font. Author affiliation must be in 10pt Italic. Email address must be in 9pt Courier Regular font.

TABLE I  
FONT SIZES FOR PAPERS

All title and author details must be in single-column format and must be centred.

Every word in a title must be capitalised except for short minor words such as “a”, “an”, “and”, “as”, “at”, “by”, “for”, “from”, “if”, “in”, “into”, “on”, “or”, “of”, “the”, “to”, “with”.

Author details must not show any professional title (e.g. Managing Director), any academic title (e.g. Dr.) or any membership of any professional organization (e.g. Senior Member IEEE).

To avoid confusion, the family name must be written as the last part of each author name (e.g. John A.K. Smith).

### D. Content

The abstract should give a clear indication of the objectives, scope, results and conclusion of your work. It is recommended to have at least five references.

### E. Figures and Tables

One figure and one table can be included in your short paper. Figures and tables must be centred in the column. Large figures and tables may span across both columns. Any table or figure that takes up more than 1 column width must be positioned either at the top or at the bottom of the page.

Graphics may be full colour. All colours will be retained on the PDF. Graphics must not use stipple fill patterns because they may not be reproduced properly. Please use only **SOLID FILL** colours which contrast well both on screen and on a black-and-white hardcopy, as shown in Fig. 1.

### REFERENCES APA7 Referencing Format with in-text citations - See the CSU Manual and Tool at: (<http://student.csu.edu.au/library/integrity>)

List all bibliographical references in 9-point Times New Roman, single-spaced, at the end of your paper in alphabetical order. When cited in-text, enclose in round brackets eg (Jacobs & Bean, 1963, p. 271).

Websites can be cited (Ogilvie, n.d., para. 5), where n.d. means "no date" if it can't be found. If an author can't be found either ("Effects of Global Warming," n.d., para. 3), then just use the title. Technical reports (NSW Department of Health, 2013, para. 2) should also be referenced.

All references must have in-text citations, and all in-text citations must appear in the reference list.
